**WE HAVE A
DYNAMITE TEAM
HERE TO SERVE
YOU**

INDUSTRIAL & COMMERCIAL INDUSTRIES SERVED

CAL INC has been in business for over 40 years as a full service general contractor (California License 657754). We have a multitude of capabilities for facility clean up, remediation and disinfectant services as it relates to the COVID-19 (Coronavirus) health and safety crisis that we are facing today as a nation. We are here to provide you with solutions!

We have crews readily available to mobilize to commercial and industrial facilities including manufacturing plants, schools, universities, and local, county, state and federal buildings and entities that require remediation and cleanup services.

SERVICE AREA: California (Statewide) - Please inquire for coverage for other states.

TRAINED WORKERS & SUPERVISORS:

All personnel in the field are and/or will be trained in the following disciplines; COVID-19 (Corona virus) Awareness Training, OSHA 10, Asbestos Contractor/Supervisor or Worker, Lead Supervisor or Worker, Federal EPA RRP, HAZWOPER, Silica Awareness, Confined Space Awareness, etc. All trained personnel will also be versed in handling biohazard waste.

TYPES OF CLIENTS/BUSINESS WE SERVICE:

- Hospitals & Medical Centers
- Military Installations & Housing
- Apartment Complexes & Communities
- Restaurants
- Retail Stores/Shopping Outlets
- Recreation Centers
- Schools
- Gyms
- Hotels
- Office Buildings
- Playground Structures
- Parks & Outdoor Structures
- & More

CAL INC personnel have been trained by in-house expert personnel to engage in the disinfectant and clean up activities that the Covid-19 epidemic has presented.

CAL INC personnel are prepared to wear the proper Personal Protection Equipment (PPE) and to utilize only EPA approved and/or CDC recommended products for disinfecting known contaminated areas and/or high risk/high-touch areas that are suspected of contamination. (I.e. floors, countertops, hand rails, office furniture, bathrooms, door knobs, etc.

CAL INC understands the immediate need for businesses to decontaminate areas within a building or structure that houses employees and or is open to the public for foot traffic once the shelter in place is lifted, or on a routine basis.

Options for cleaning and disinfecting can be set up on a on-call basis, routine basis, or in response to a suspected contamination incident.

Pricing may vary but will include Time & Material Rates and Transportation /Disposal Rates as well. Training for your personnel is available.
